  Tel: 0-2234-0496
Rajankul Institute is determined to be excellent in academics and services for the intellectual development at the national level. In order to achieve our goal, we are able to develop a network of care for intellectual and development in Thai children, including normal group, risk group and patients through the mechanism task force at the local regional and national level.

Rajankul Institute was founded on March 16,1960. The official opening ceremony was held on March 21,1962 by H.E. Field Marshal Santi Thranarot, the Prime Minister at that time. It was named “Hospital for the Mental Retardation” After twenty years of service, it was gradually bestowed the name; Rajankul Hospital on April 22, 1979.

Their Majesties the King and the Queen graciously presided over Rajankul school, the first special educational school for mental retarded persons in Thailand on March 5, 1964. Both the King and the Queen graciously presided over the opening ceremony of “Darun Pattana Building or Youngster Development Building” on July 8, 1966. Due to the bureaucratic reform in the year 2005, it has been upgraded to Rajankul Institute.

Vision

“Rajankul Institute will be the center of excellence for intellectual development of children at the national level.”
